

RV Weighing

Ramblin Pushers, Inc

Ramblin' Pushers, Inc. an FMCA Chapter in the INTO region will be on site with their certified scales weighing individual wheel positions. Each wheel position, such as left and right front, left and right rear, and left and right tag, if applicable, will be weighed individually.

These scales are commercial truck scales that are calibrated yearly to ensure their accuracy. They will provide you with a report of your weights.

This Four Corner weighing for RV's arriving Sunday, Monday, and Tuesday will be available from 9:00AM - 3:00PM. Weather permitting there will also be coach weighing on Sunday, the departure day from 9:00 AM - 12Noon. A Seminar is scheduled on Friday September 20th from 9:00 a.m. -10:00 a.m. in Seminar Room 6 Conference Center Upstairs. The seminar will further define these weights and tell you how that impacts various aspects of loading and associated effects on tire pressure as it relates to your specific tires. The cost is a \$20 donation.
