

# FMCA's South Central Area SIX-STATE RALLY ASSOCIATION, INC.

---

**NEWLETTER**  
October 3, 2022

Greetings all,

How was your Summer? This past summer was very different to say the least.

Folks that travel North for the Summer and South for the Winter found the weather up North to be as hot there as down South. Lets hope that it will be different this winter.

Since we last visited, Bobbie and I have been to the FMCA Executive Board Meeting in Cincinnati. It was a good meeting attended by the entire Board plus two candidates for Eastern Area. While returning we stopped for the night in Sullivan, Missouri. While unhooking I found a thin sheen of oil down the side of the coach and on the truck. I found that a seal on the steering box had sprung a leak. Two more days in Sullivan and more money than I would like to say we got back on the road and home. I had to wash the side of the coach with dawn to get all the oil off, and then had to wax the coach.

In July we went to the Midwest Prairie Schooners 45<sup>th</sup> Anniversary Rally at Arrowhead Point RV Park in Osecola, MO. From there we went to Lawarance Kansas for the Covered Wagons 15<sup>th</sup> Anniversary Rally. We stayed at a Corp on Engineers Park for a week. It was a good test of our Coach's system, we had electric and water but no dump. Both Chapters had good turn outs with lots of good food and fellowship.

We then headed for Lincoln Nebraska and the Lancaster Event Center for FMCAs 105<sup>th</sup> Convention. It was a small Convention but a very nice one. On Tuesday before Convention, the City of Lincoln held a open house for FMCA in their "Haymarket Venue". They provided transportation to the Venue refreshments and live music. It was a nice way to start the Convention.

Till we meet again Happy and Safe Travels,

*Herman & Bobbie Mullins*

National Area Vice President South Central Area  
President Six-State Rally Association
